Are Air Attacks Preliminary To "Decisive Blow?"

ACCORDING TO NAZI TEREATS uttered in the month of May the war was to have been over by mid-August with England invaded and conquered.

August 15 was, according to persistent rumour which gained widespread currency, appointed by Hitler for the triumphal entry of the Germans into London, state British Wireless and Reuter messages.

The forecast was received by the world with scepticism. Elsewhere, than in Britain, this was tinged with anxiety.

its work by this time, it is still a matter for speculation whether we are in the opening phase of the threatened blitzkrieg and whether the air attacks, displaying a coherence of purpose contrasting sharply with the desultory and half-hearted raiding of the previous six weeks, represent the preliminary to the "decisive blow."

FUNERAL OF AUSTRALIAN MINISTERS

SYDNEY," Aug. 15 (Reuter)-A message from H.M. the King was among the worldwide expressions of sympathy received by the Governor-General and the Prime Minister, on behalf of the Australian Government and relatives of the victims of the Canberra air

disaster. The funeral of the victims took place at St. Paul's Cathedral Melbourne today, and was attend ed by the Governor-General, the Prime Minister and Cabinet Min-

The Archbishop of Melbourne delivered a farewell oration.

Discussing this possibility, "If such be his purpose the relosses relatively both to our own and to the number of his machines thrown into the fight have been so great as to leave no doubt the ascendancy we have gained in the air. Indeed, the strident lying of his communiques and preposterousness of his claims serve only clearly to unmask his sense of frustration.

> The Daily Telegraph adds: "Today has been credited by persistent rumour as the date selected by Hitler for the dictation of peace temperament, having conjured up in London. If the rumour be true -and there is nothing inherently improbable in Hitler's optimistic temperament, having conjured up such a vision on the eve of Dunkirk—this failure ought to destroy, once and for all, the fable o the inevitability of his time-tables. ---NEW VIGOUR

DEFEATISM SPIRIT AMONG ITALIANS

CAIRO, August 15 (Reuter) -Despite the fact that a large-scale clash in Somaliand is imminent the situation on the Libyan frontier remains remarkably quiet. It appears there has been setback in Italy's plans for invasion of Egypt which 10 days ago appeared to be imminent. This may be due to the destruction wrought by the RAF on the Nazi and Italian air forces.
